

# Ngwa Harry

## Software Engineer

### About Me

- I obtained a BSc. Software Engineering from ICT University, Cameroon. I specialise in web and mobile applications development.
- My professional life has been 100% driven by my passion for software design and technology as a whole. I was intrigued by the power of programming and I've been learning and building projects ever since.
- I built and completed many small mobile and web projects

### Experience

#### Swooty Inc - Yaounde

Junior Mobile Developer / Web Developer Jan 2021 – Present

- I have just over a year of experience as a junior software engineer with Swooty Inc. In my short time there, I've already contributed to over a dozen projects and assisted with managing one project for one of the company's long-time clients.

#### New Tecnology for Africa (NTA) - Yaounde

Junior Mobile Developer / Web Developer Oct 2019 – Nov 2020

- Prior to this role, I completed a one-year internship with NTA, where I honed my mobile app development skills. Ideally, I would like to continue to specialize in mobile software development, and web applications development.

### Education

#### Electrical Engineering

Catholic University of Cameroon, Bamenda Oct 2016 – June 2018

#### BSc Software Engineering

ICT University Yaounde, Cameroon October 2021
